## Vidio 26.

A screenshot of a web browser showing the login page for a site named 'Sticky'. The browser's address bar displays 'Not secure sticky.test/login'. The page has a solid blue background. In the center, there is a white login form. Above the form is a logo consisting of three stacked cubes. The form contains two input fields: 'Email' and 'Password'. Below the 'Password' field is a checkbox labeled 'Remember me'. At the bottom of the form, there is a link 'Forgot your password?' and a blue 'Log in' button. A small red heart icon is visible in the bottom-left corner of the page.

A screenshot of a web browser showing the register page for a site named 'Sticky'. The browser's address bar displays 'Not secure sticky.test/register'. The page has a solid blue background. In the center, there is a white registration form. Above the form is a logo consisting of three stacked cubes. The form contains four input fields: 'Name', 'Email', 'Password', and 'Confirm Password'. At the bottom of the form, there is a link 'Already registered?' and a blue 'Register' button. A small red heart icon is visible in the bottom-left corner of the page.

## Vidio 27.

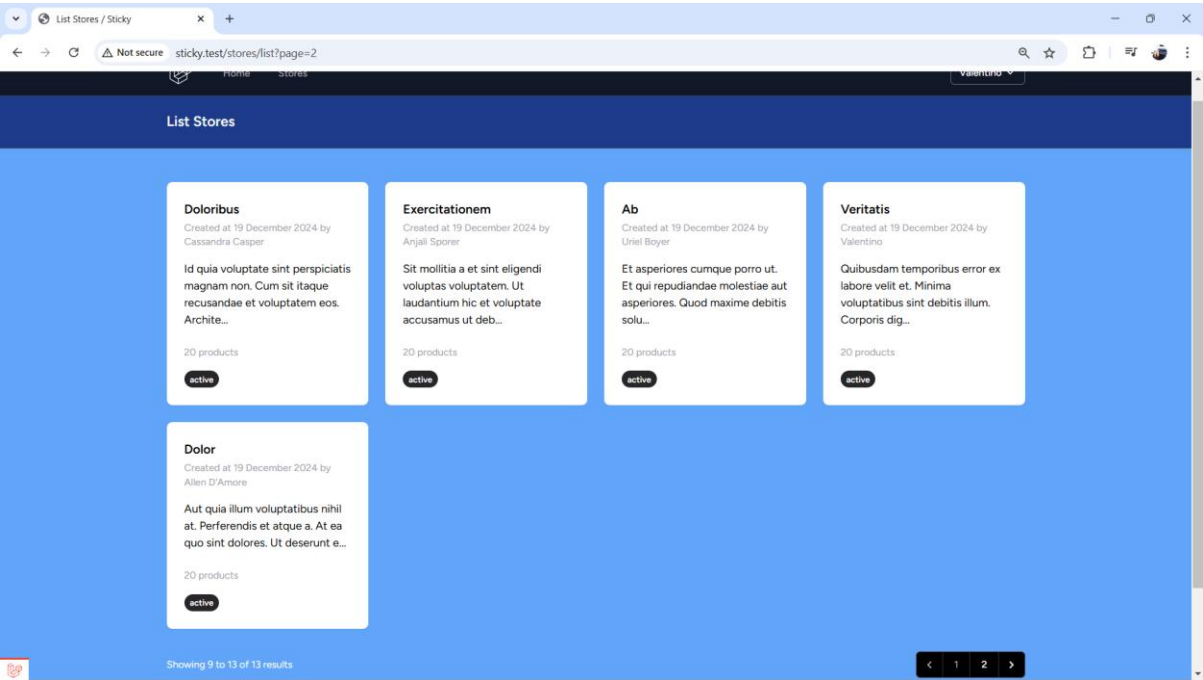

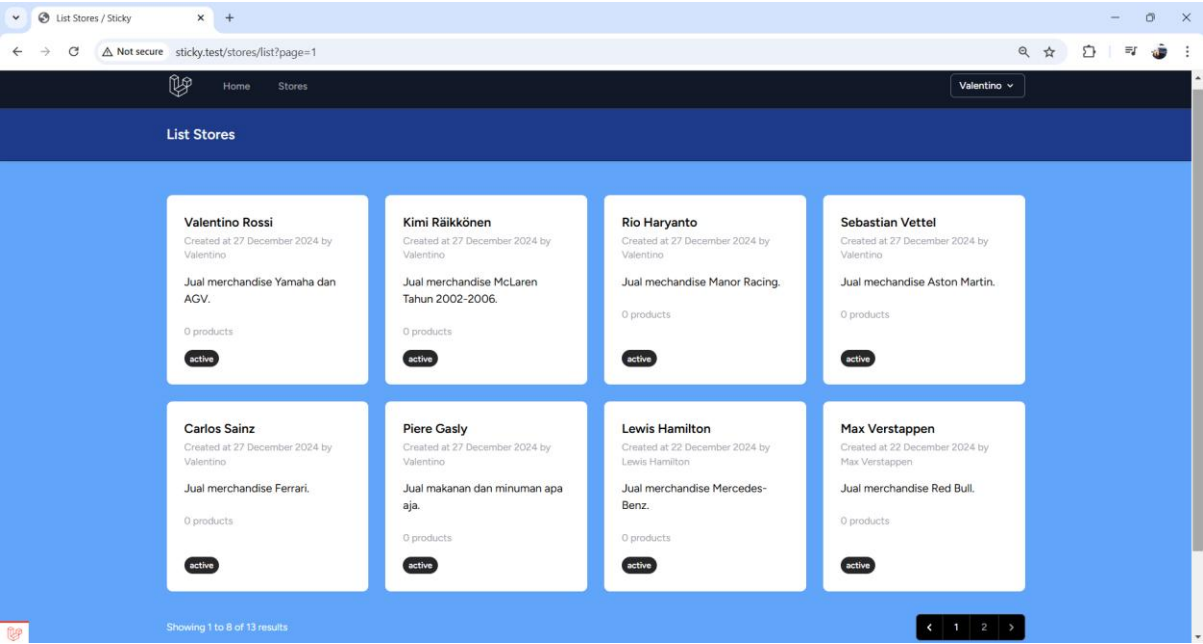

The screenshot shows the phpMyAdmin interface for a local server (127.0.0.1) connected to the 'sticky' database. The 'roles' table is selected, and the SQL query 'SELECT \* FROM roles;' is entered in the query box. The table contains two rows: an 'admin' role and a 'partner' role. The interface includes a sidebar with a database structure tree, a top navigation bar with tabs like 'Browse', 'Structure', 'SQL', etc., and a bottom console area.

	id	name	created_at	updated_at
<input type="checkbox"/>	1	admin	2024-12-19 17:57:58	2024-12-19 17:57:58
<input type="checkbox"/>	2	partner	2024-12-19 17:57:58	2024-12-19 17:57:58

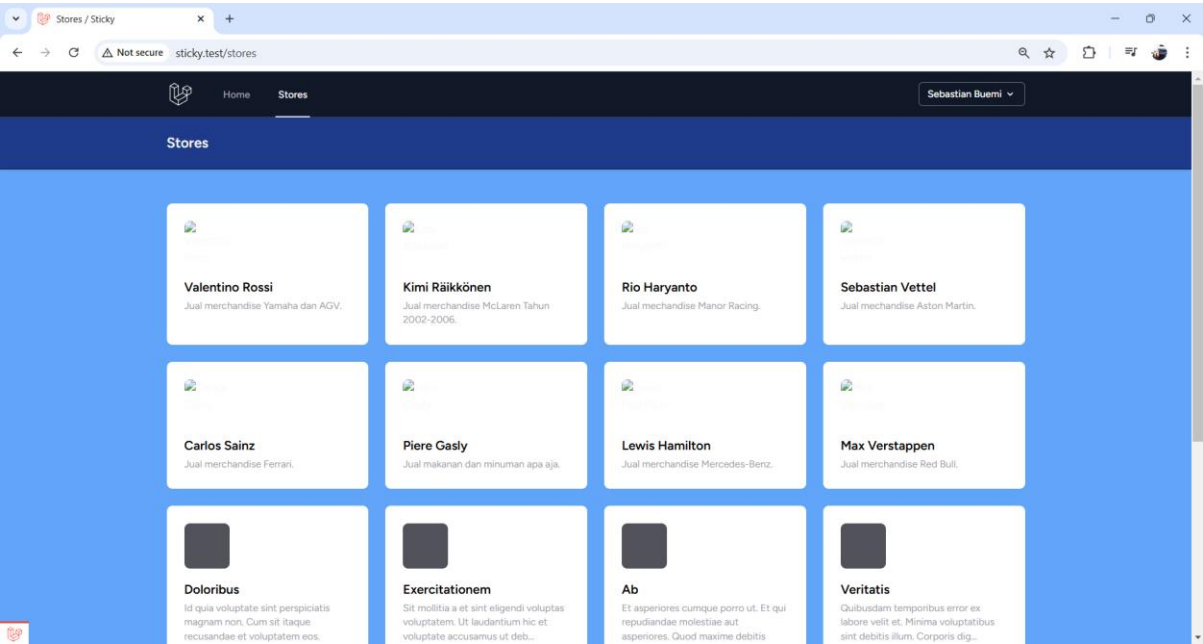

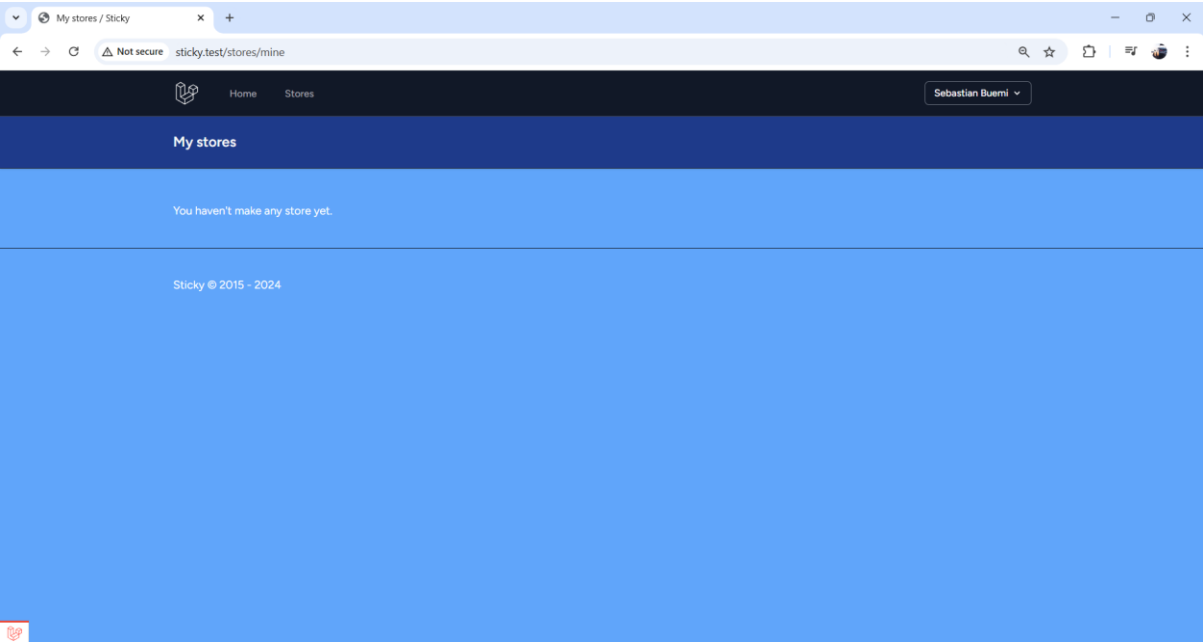

The screenshot shows the phpMyAdmin interface for the same local server and database, but now the 'user\_role' table is selected. The SQL query 'SELECT \* FROM user\_role;' is entered. The table contains two rows, each representing a user-role assignment. The interface elements are consistent with the previous screenshot.

	user_id	role_id
<input type="checkbox"/>	1	1
<input type="checkbox"/>	2	2
